LE TESSERE

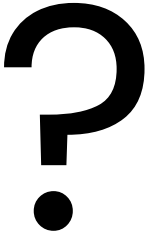

Main Challenges / Principali sfide

- **Lack of communication between individual residents, community and business groups.**

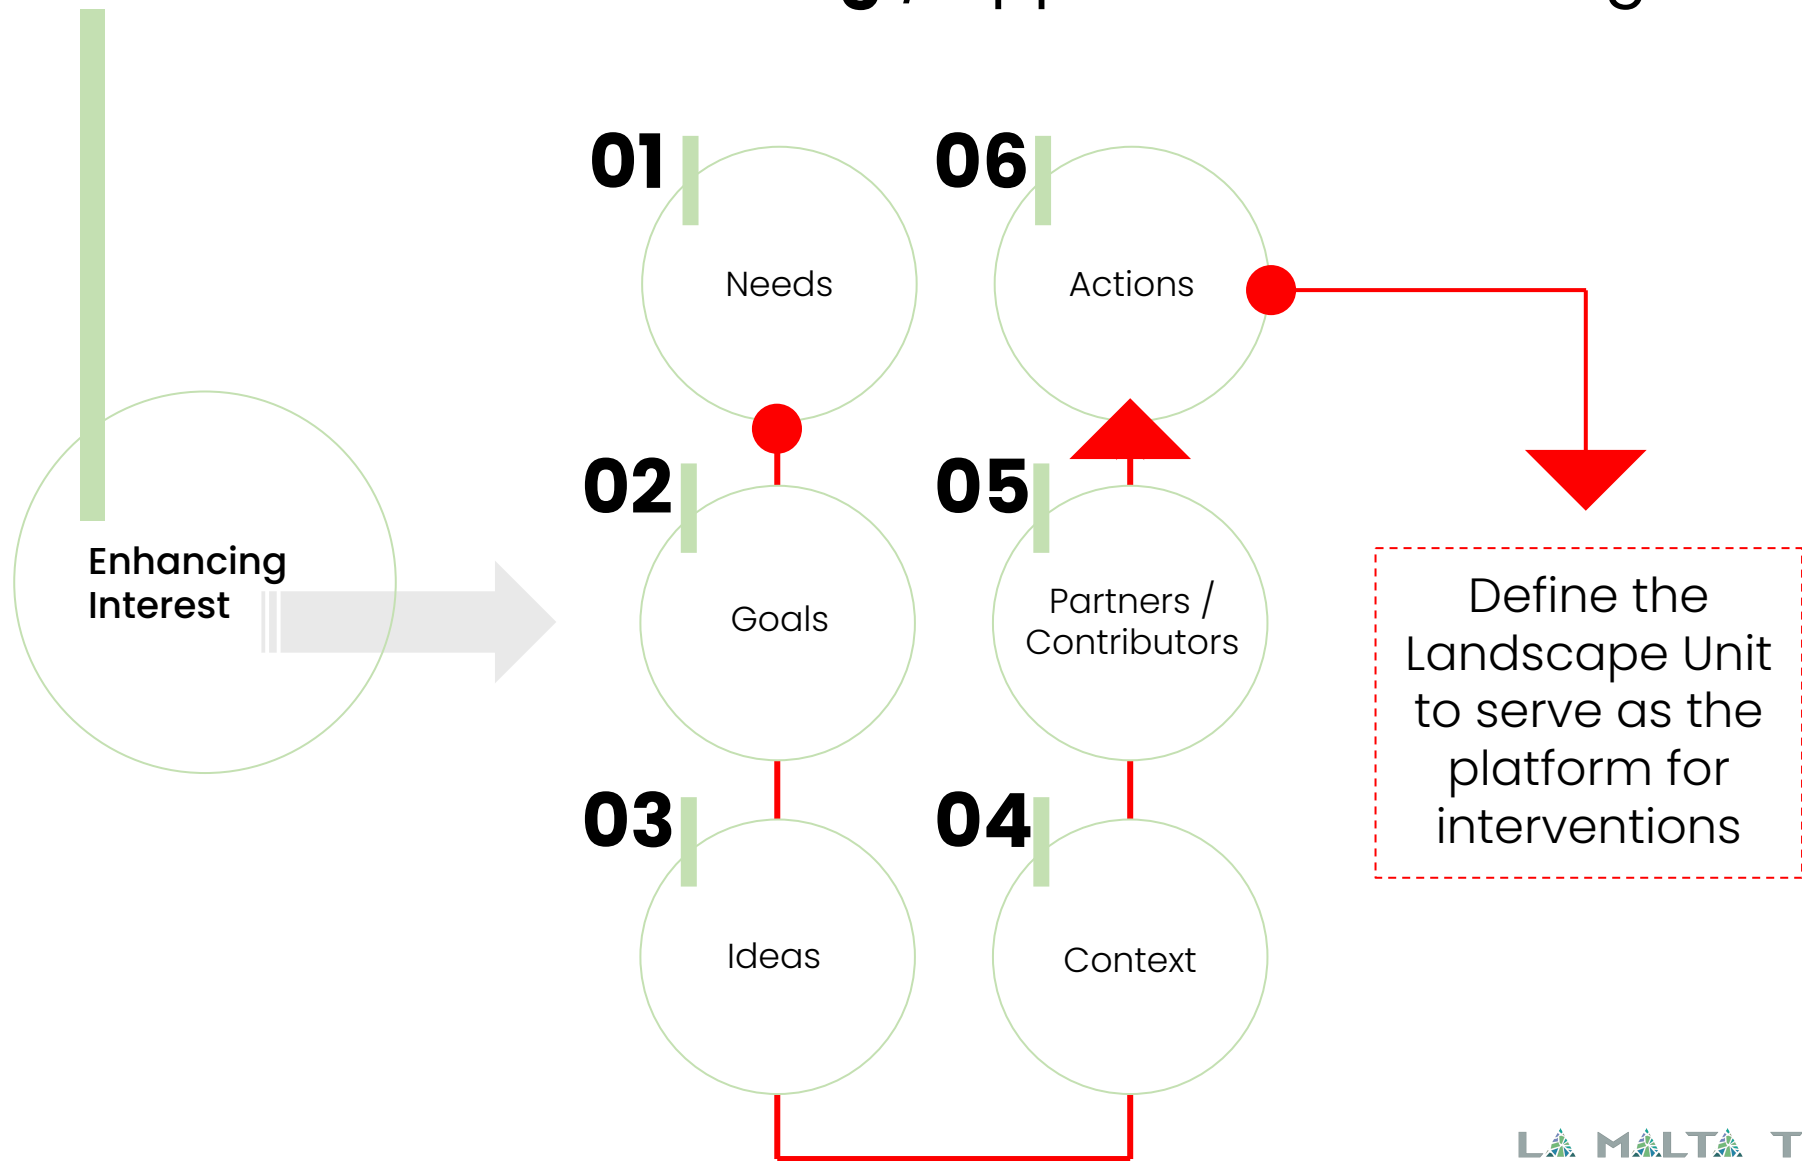

- Broken network of soft transportation linking communities.
- Severe weather events due to climate change along a fragile coastline in historically rich region.
- Inadequate housing for students and immigrants.

GOAL #1: Promote Communicative Dialogues Between Partners

Why would I be interested to come to your meetings???

Structure of Thinking / Approccio metodologico

Main Needs / Principali bisogni

01

Safe Mobility Network (Pedestrians and Cyclists)

02

Pedestrian Comfort and City Infrastructure

03

Access to Housing

04

Increase Flood Resilience

Related Goals / Obiettivi connessi

Create a safe network for bicycles and pedestrians.

01

02

Enhance the Green Infrastructure to manage climate change and enhance the food security and increase biodiversity.

03

To provide housing for those in need

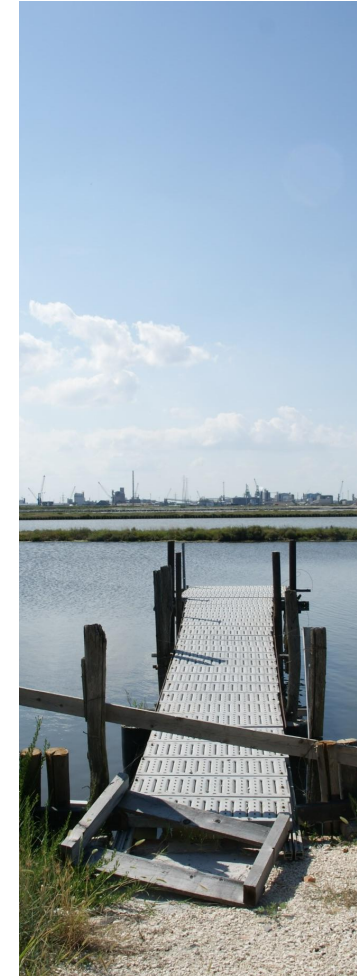

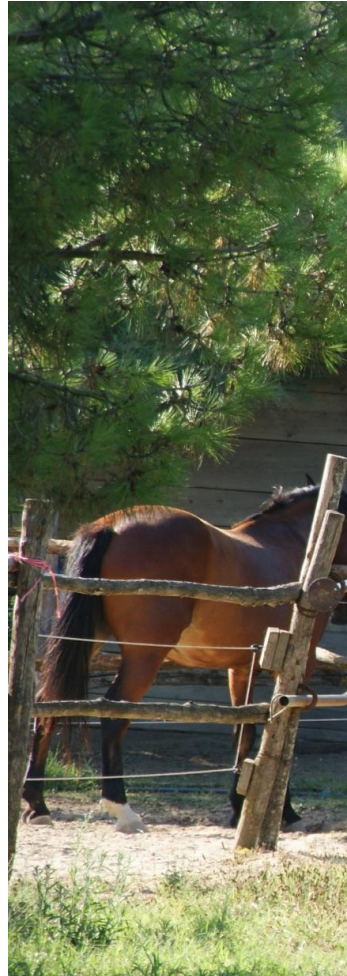

04

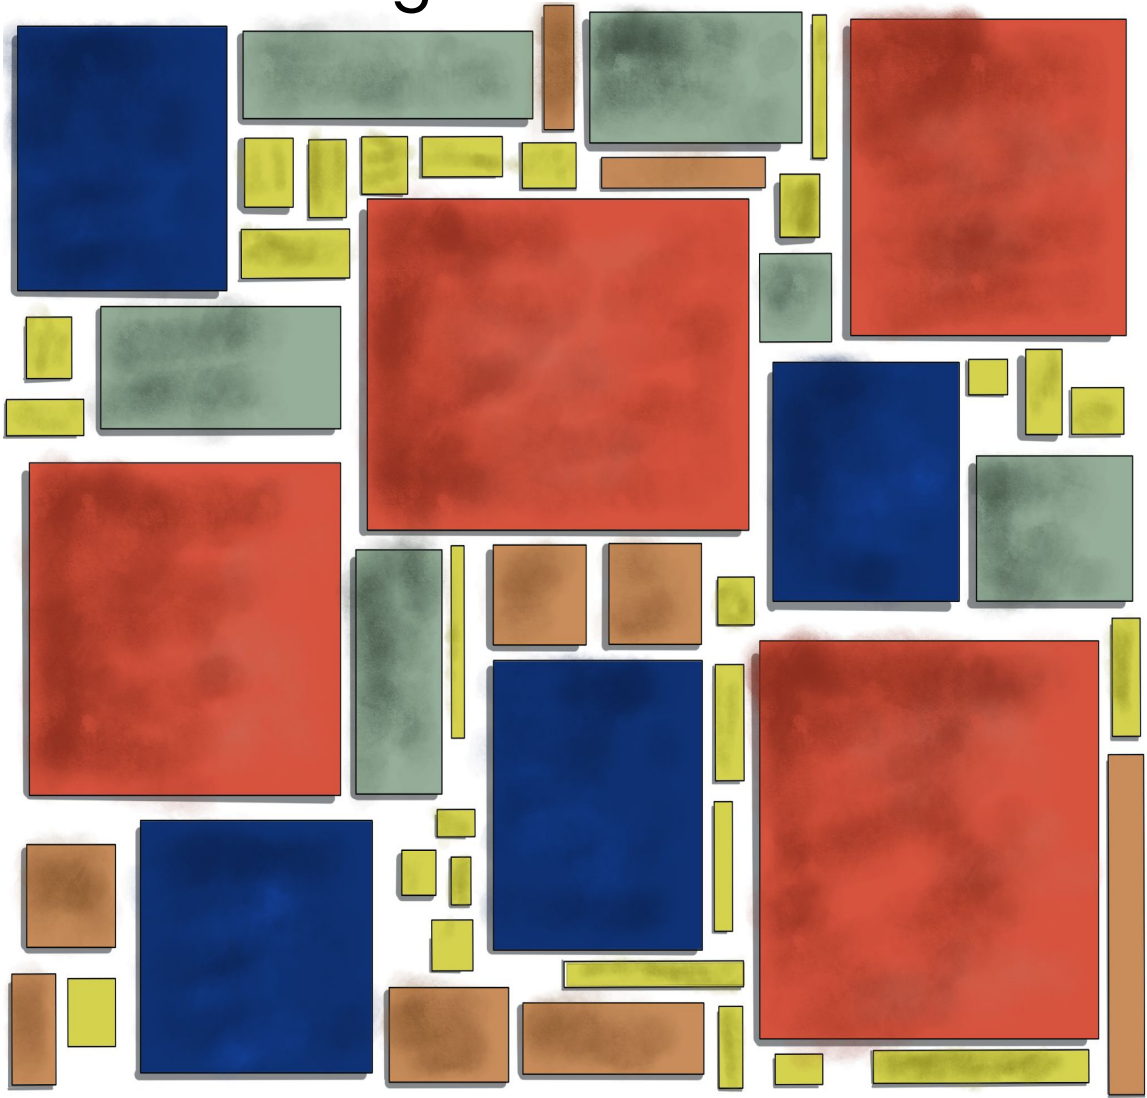

To reduce the destruction caused by floods

Elements of the landscape / Elementi del paesaggio

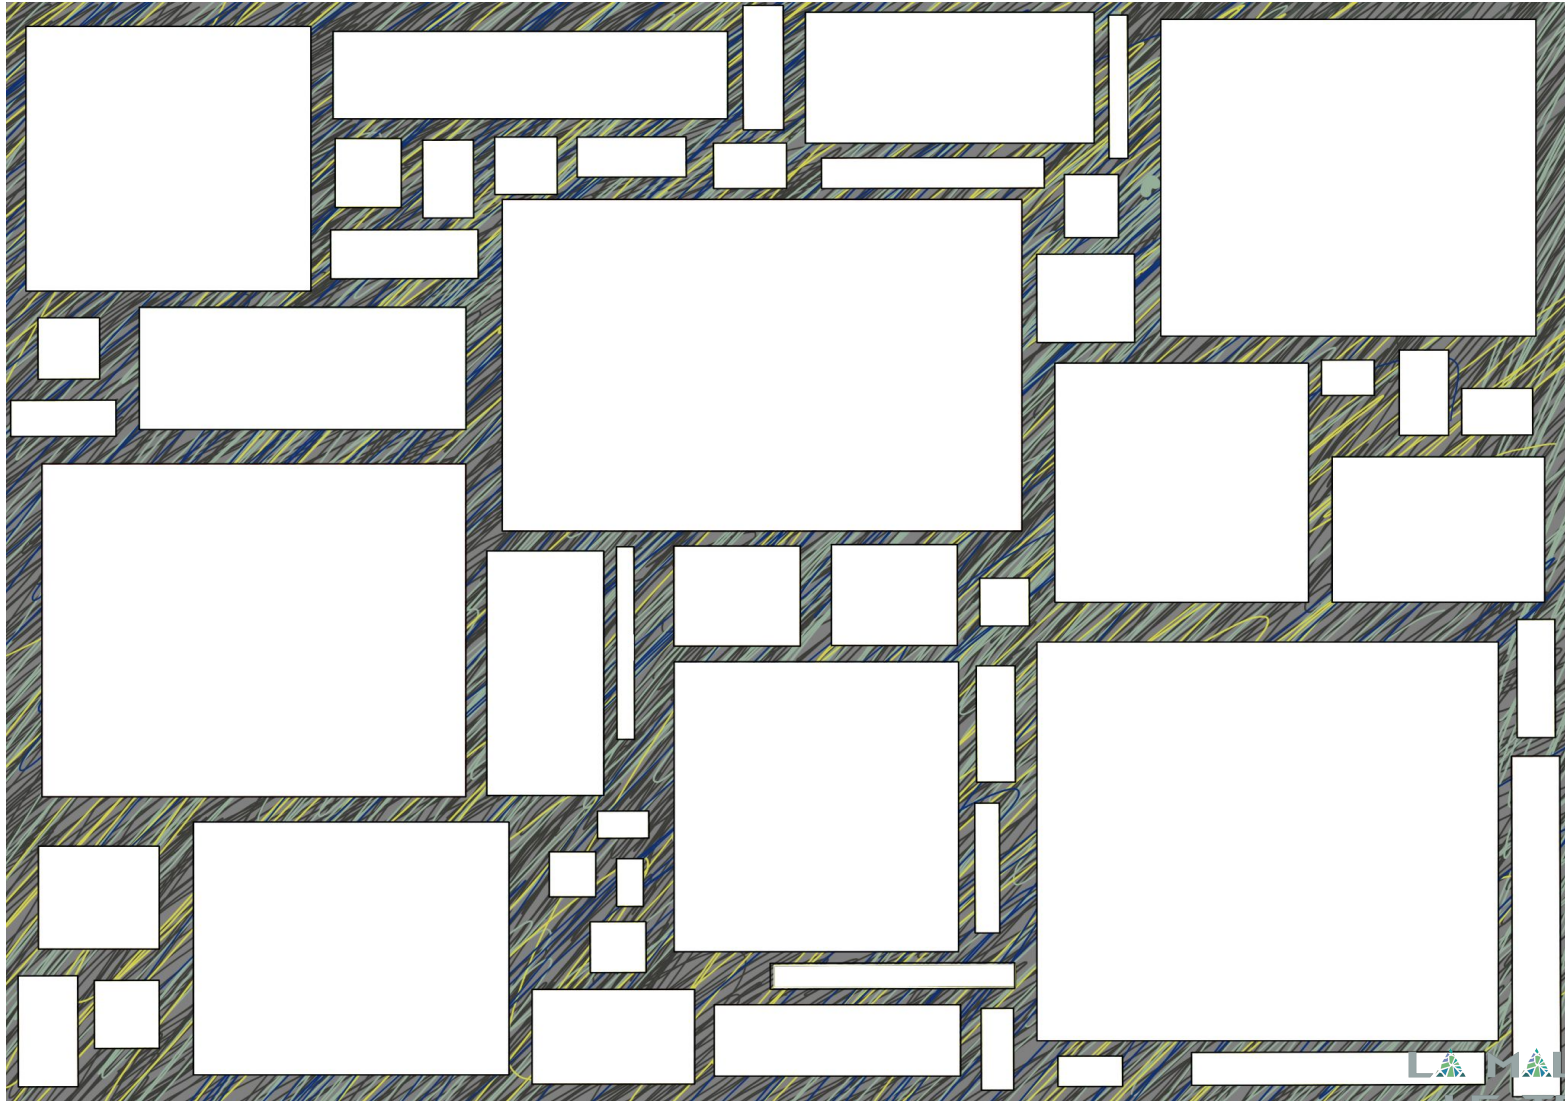

Power Mapping Mosaic / Mosaico degli attori e loro rilevanza

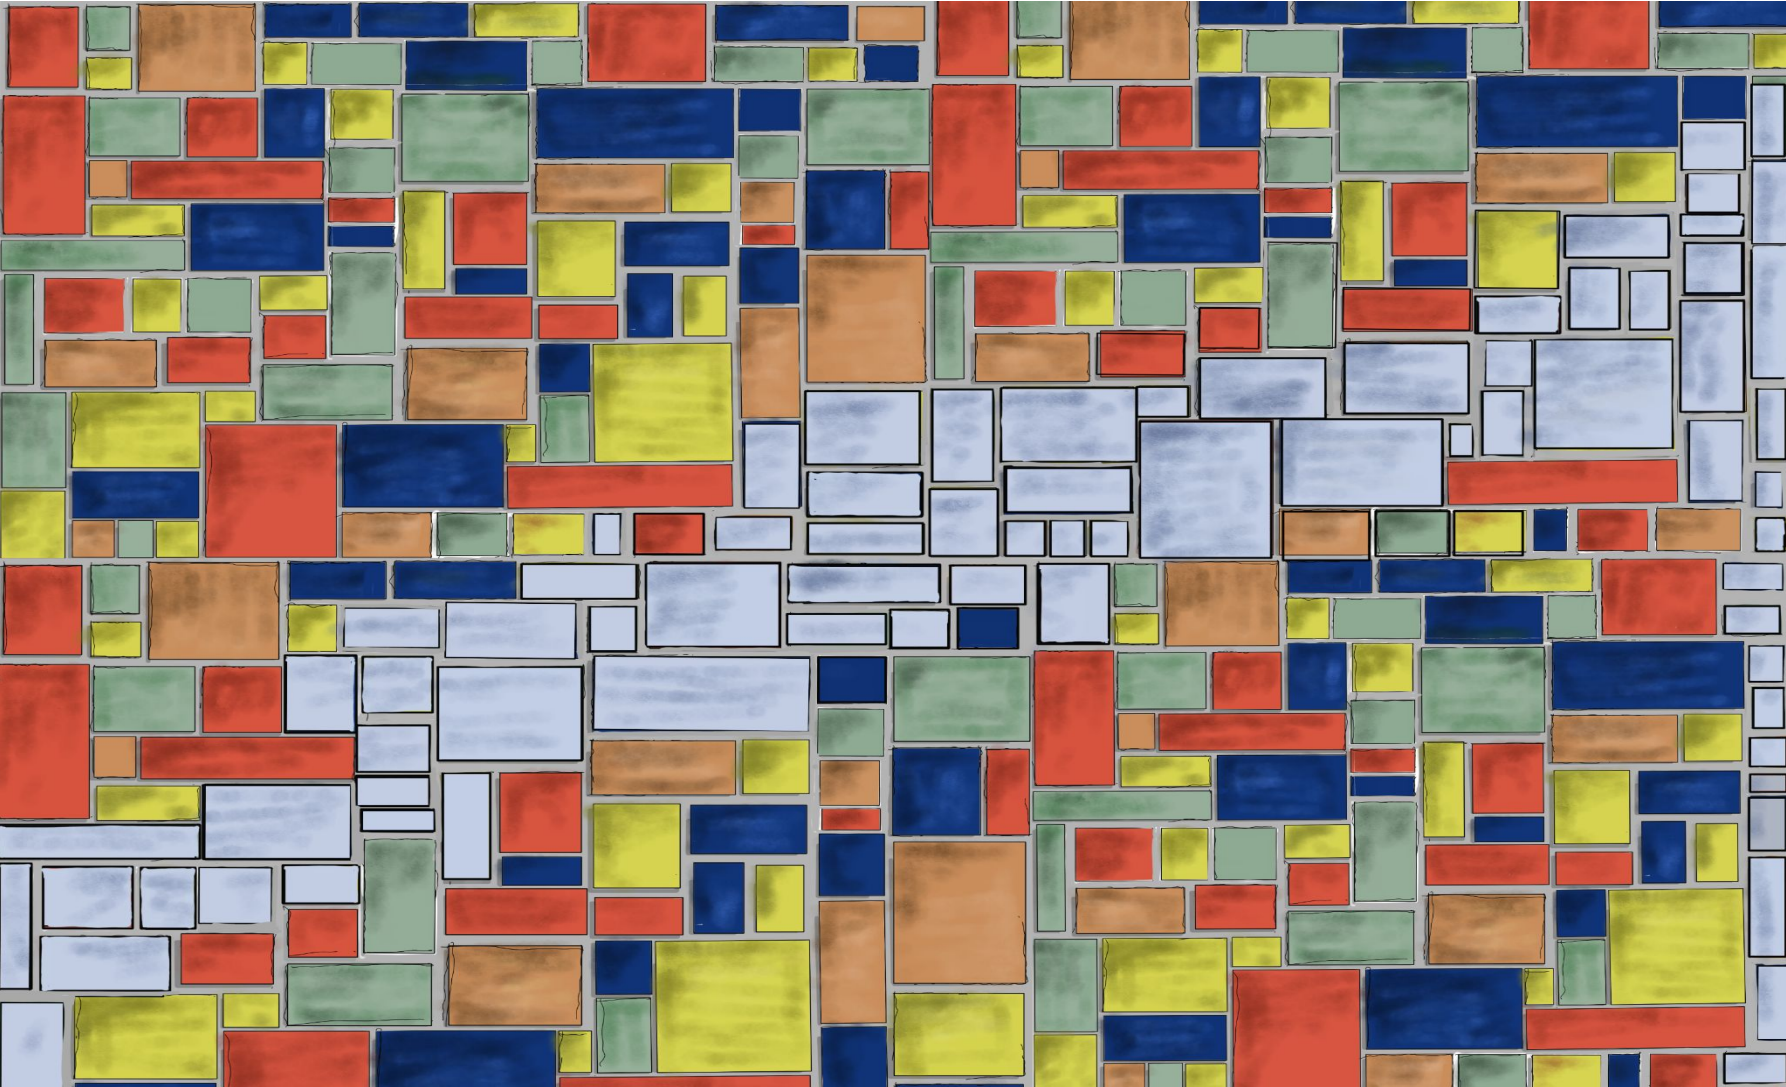

Politics	Institution	Locals
Port Authority	Farmers	Local businesses
Municipality	Transport	Forester
Eu.	Heritage	Conservationists
	NGOs	Tourism
	Investors	Heritage
	Owners	Schools
	University	Greenspace
	Research	Port workers
	Food processor	Hotel owners

The lack of mortar as a lack of connections / La mancanza di connessioni

The vision strategy of mosaic in twenty years

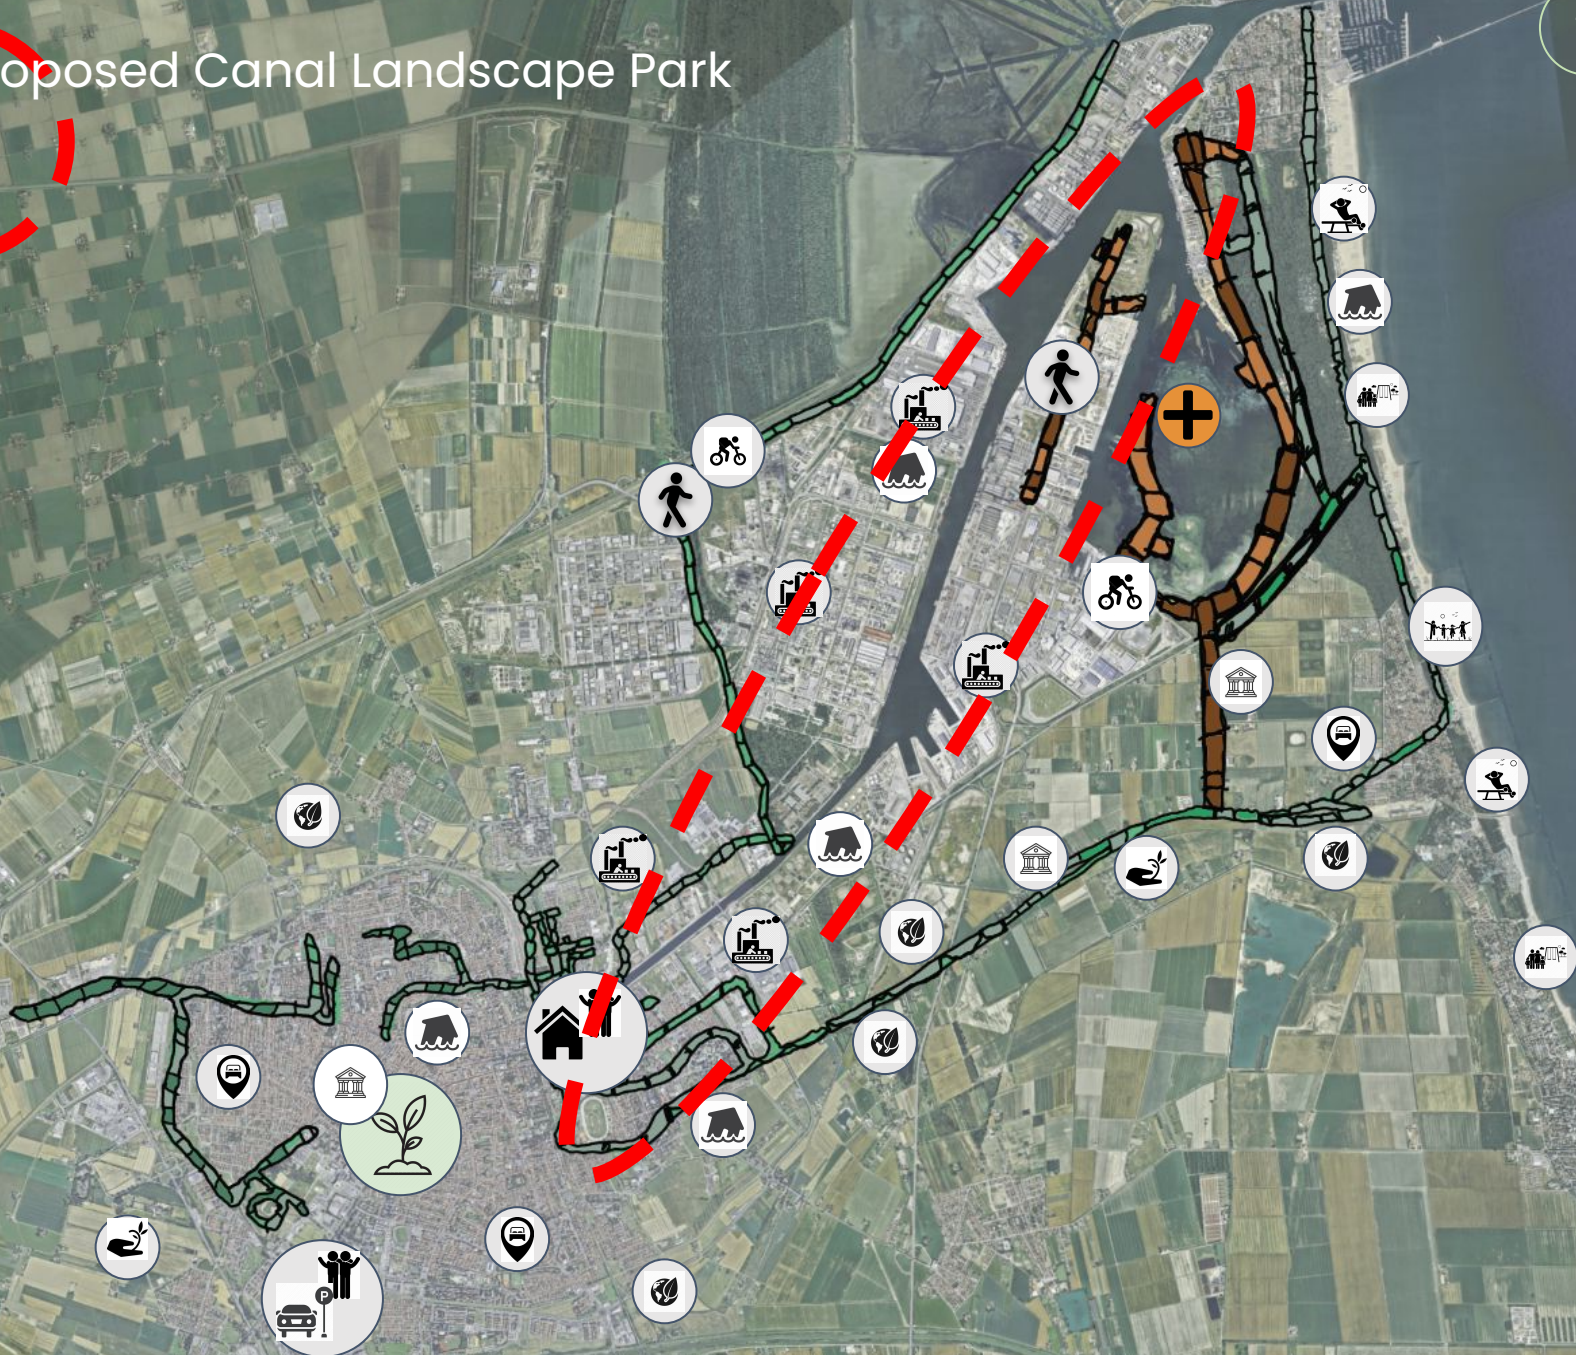

VISION

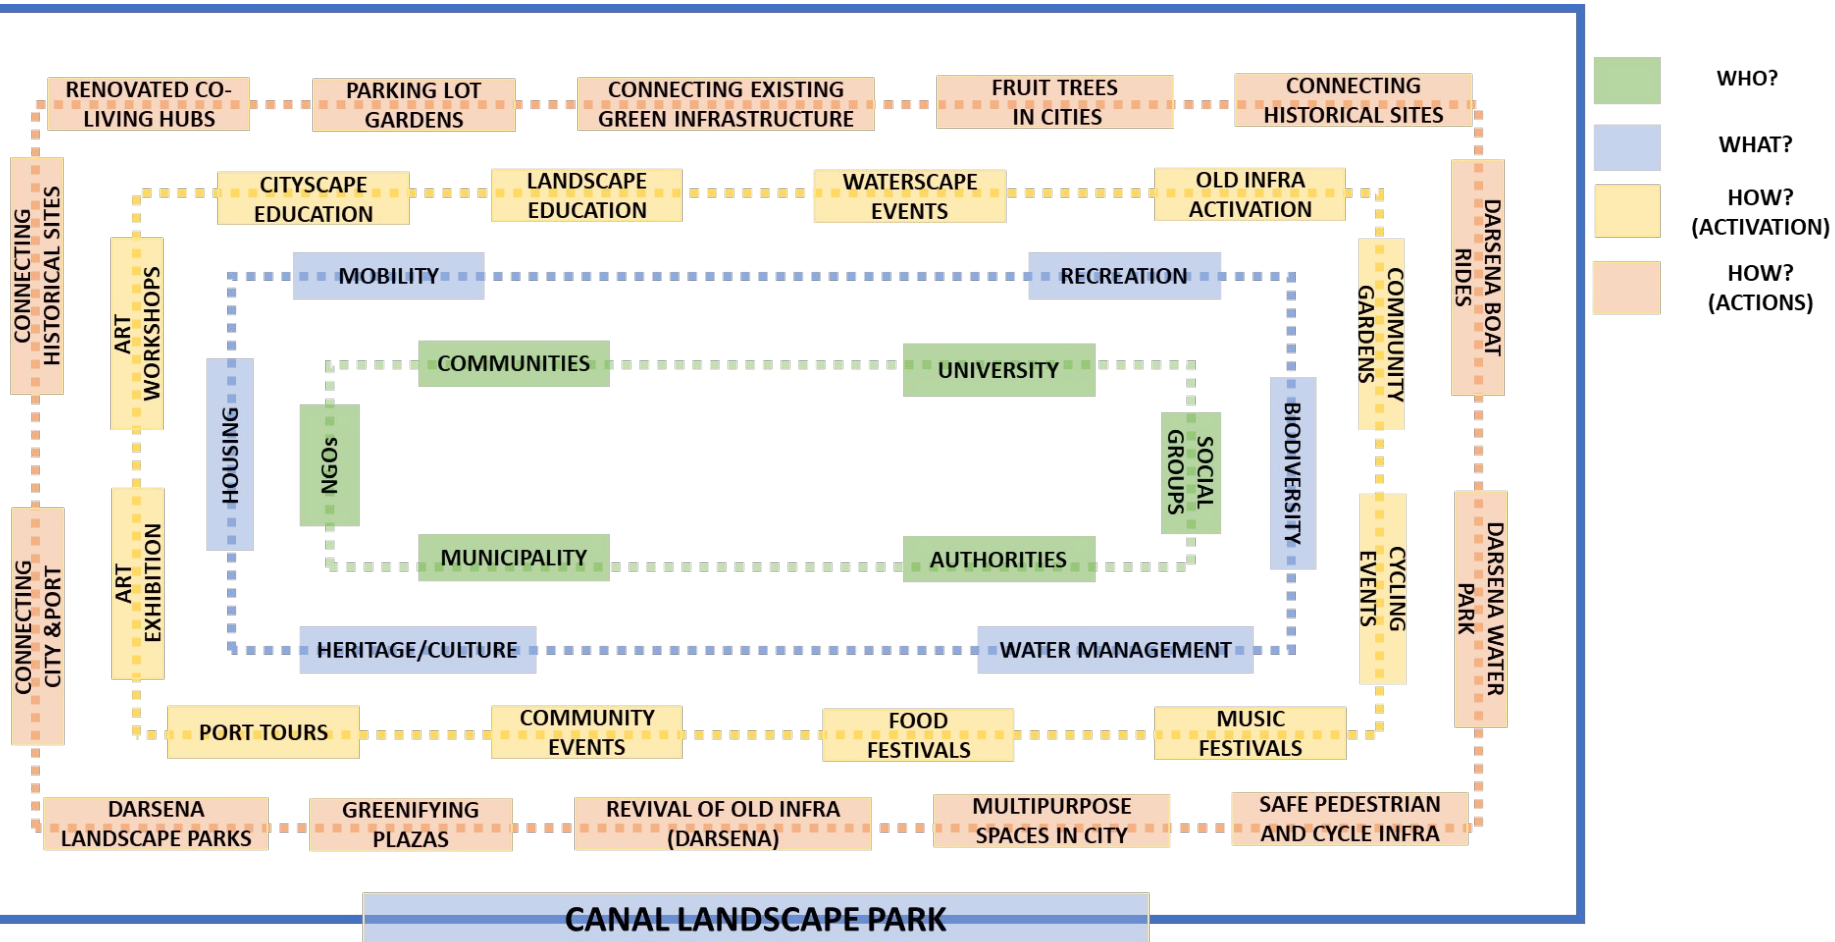

Proposed Canal Landscape Park

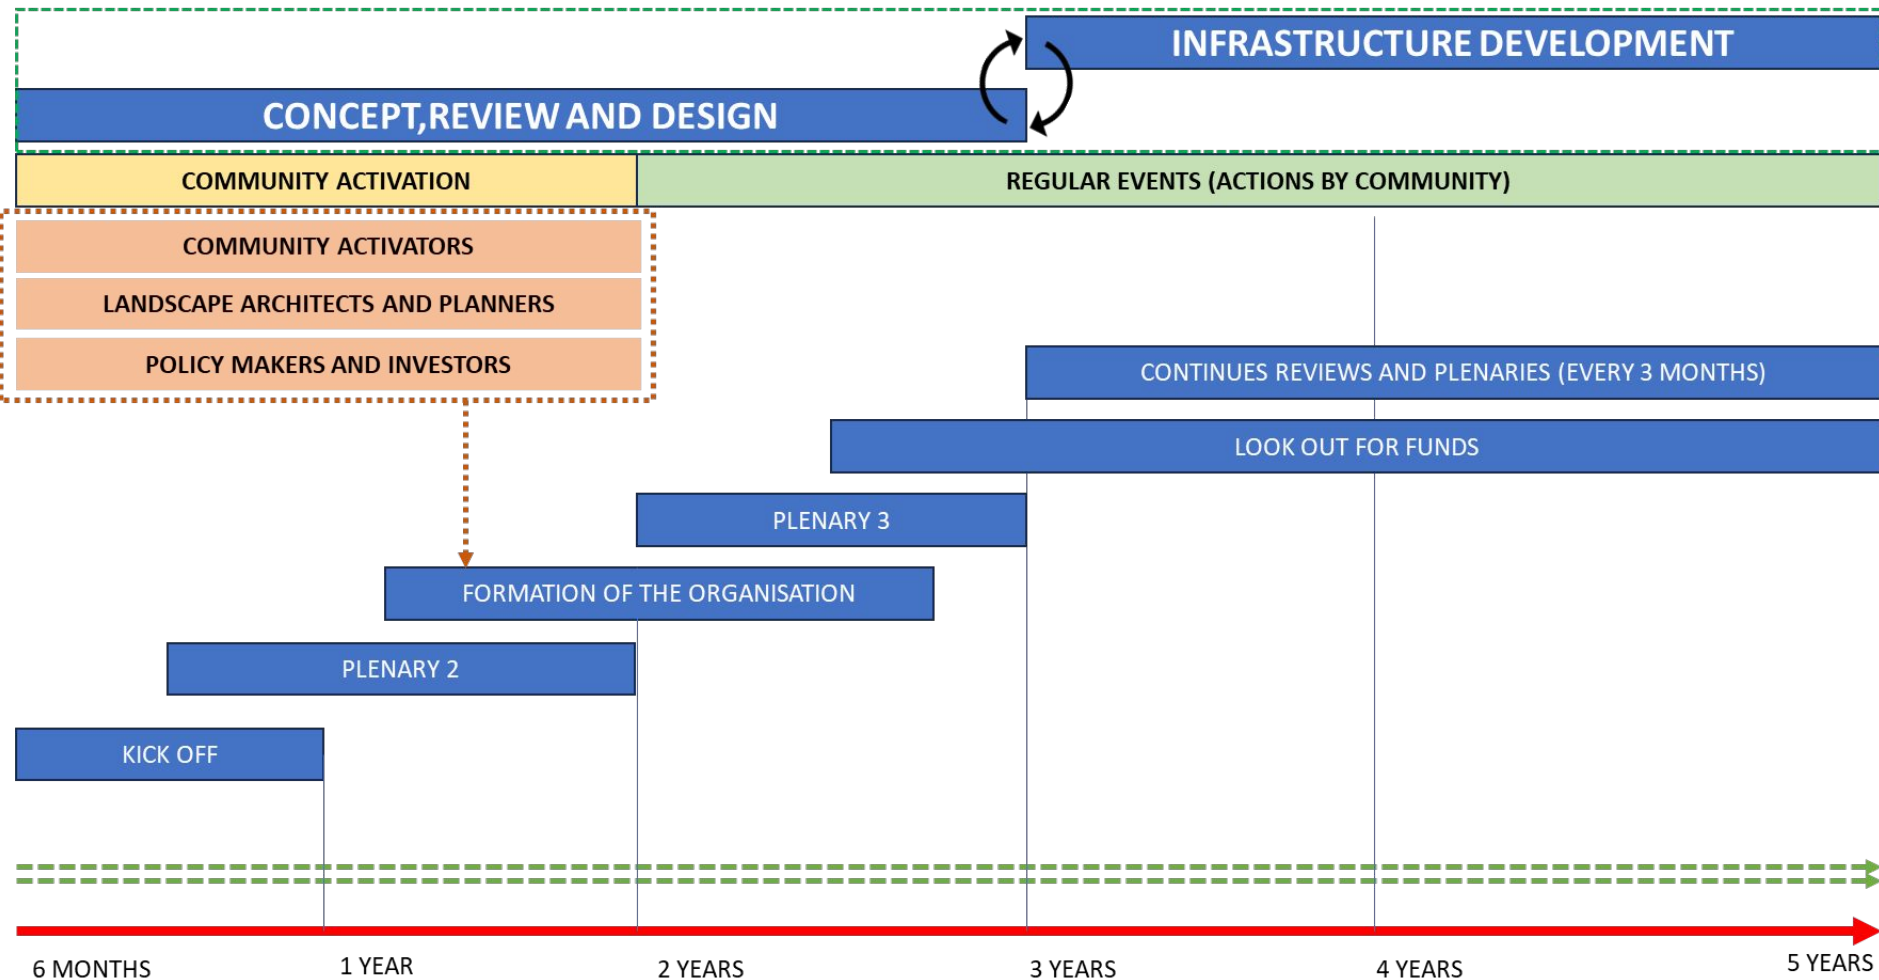

IDEAS MAP

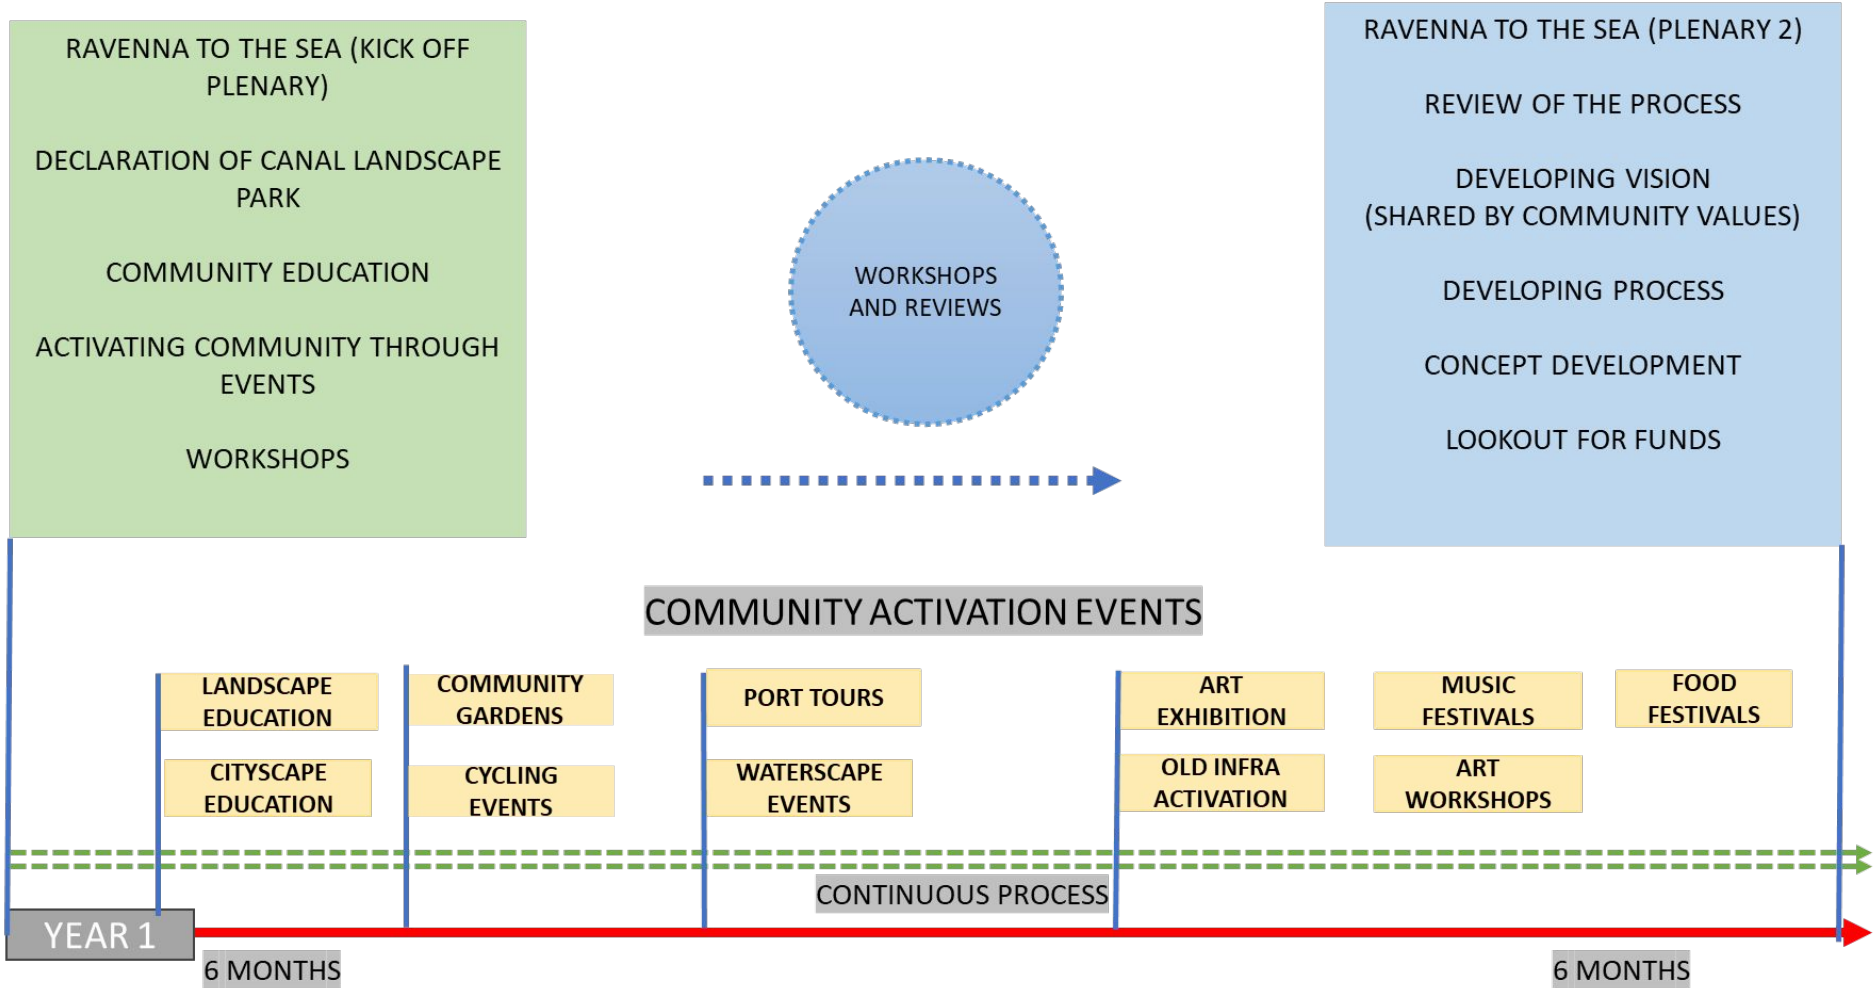

Actors + Actions / Attori e Azioni

Process Timeline (5 years) / Tempi del processo (5 anni)

Process Timeline (1 anno)/ Tempi del processo (1 anno)

BIOPHILIA

16

FROM A Goal TO A Pilot study / Dall'obiettivo al caso applicativo

OUR FIRST GOAL

To provide a safe and continuous network for cyclists and pedestrians to connect the historical center and port/coastal region.

01 ● CONTEXT?

Along the Canal (Canal Landscape Park)

02 ● CONTRIBUTORS/PARTNERS?

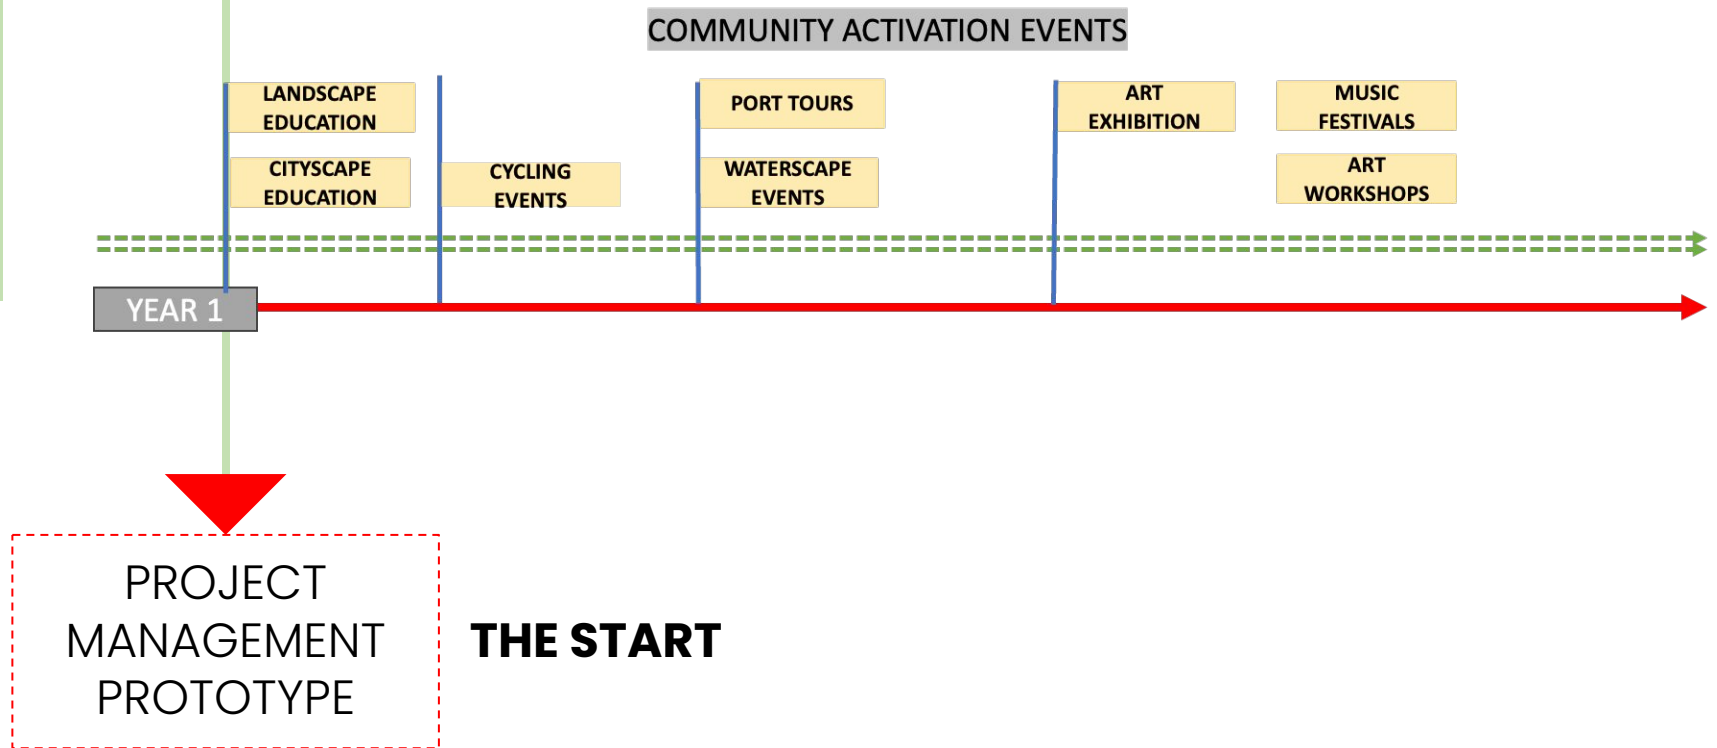

local communities, municipality, port authorities, NGOs, students, tourist, investors, real estate and housing cooperatives, owners, local businesses, transport institutions, research institutes, tourism agencies etc..

03 ● QUESTIONS?

- Who is interested? Who is not?
- What are the future conflicts?
- How to strengthen the existing interest?

04 ● ACTIONS?

- Who is interested? Who is not?
- What are the future conflicts?
- How to strengthen the existing interest?
