Ficus question: What is the relationship of landscape, democracy and the European Union

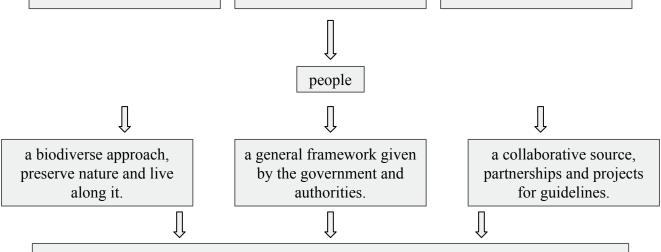

Pre-Seminar Map Summer Term 2020 nationality: Romania discipline: architecture

What is the relationship of landscape, democracy and the European Union?

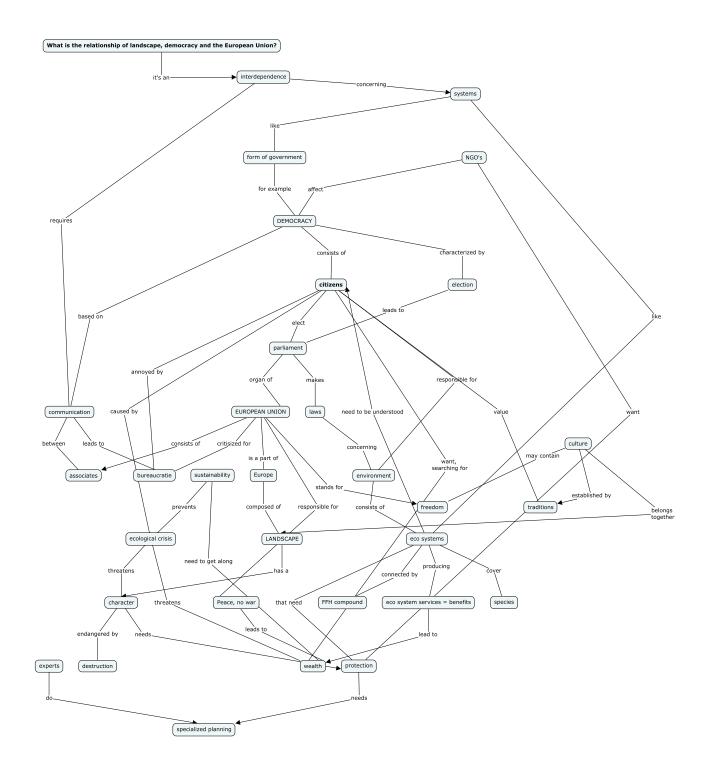

- relationship means the way in which things are connected -

landscape represents all the visible features of an area of land, often considered in terms of their aesthetic appeal. democracy is a system of government by the whole population or all the eligible members of a state, typically through elected representatives.

The European Union is a political and economic union of 27 member states that are located primarily in Europe.

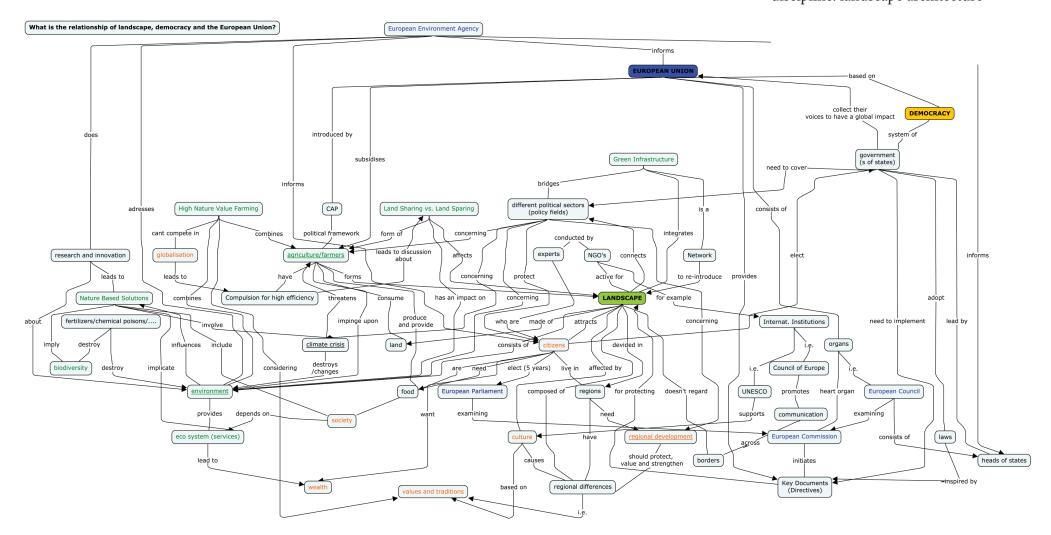

acting together to promote and conserve unity, inclusion, to establish an unified system.
